Partie Meeting of Printers, held at the City Hall, on Saturday evening, 16th instant, to consider the proposed reduction in the hours of work during the winter season, Mr. George Cochran was called to the Chair, and Mr. John H. Cumingham was appointed Secretary.

The object of the meeting having been stated, on motion a committee of these, consisting of Messra, Daniel Smite, John Melsod, and F. J. Waters, was appointed to submit propositions for the action of the meeting. After a short absence, (the committee having retired for the purpose indicated,) the following resolutions were submitted by said committee:

Resolved by the Printers of Washington city in Mass Meeting assembled, That the action of the columbia Typographical Society, of the 9th inst, reducing the number of hours of daily in the different to the 30th of March, is fully sustained; and that this meeting do cordially approve and will endeavor to carry but said proceedings by all lawful and honorable means.

Resolved, That in the views of employers dissenting to the action of the Society we see nothing to deter us from our just purpose. One of the employers (Mr. Wallach) has issued his paper the present week within the reduced time, without a cent's worth additional expense to him, and his employees proffer to vontinue to do so; two other employers cannot be affected by it, they not employers cannot be affected by it, they not employers proffer to vontinue

to do so; two other employers cannot be affected by it, they not employing scarcely more than one journey man by the week in twelve months. Mr. Gideon employs but seven hands by the week, Mr. Polkinhorn but six. Thus it will be seen that but two employers—employing thir teen hands—are, affected by the reduction, while the just action of the Society will add the social comfort of from three to four hundred man, women, girls, and boys, employed in the different branches of printing and binding in this city during the session of Congress, and with but inthe additional expenses to the Government or private employers, when the incidental expenses attending night-work are considered. That the Secretary have the foregoing resolutions published in the city papers on Monday mirring.

These resolutions were then, on motion, unanimously adopted.

The greatest presidigitateur now extant is Herrmann, who will open our theatre to night for six performances only. Where he was born no one knows. He speaks French, German, Italian, six performances only. Where he was born nocone knows. He speaks brench, German, Italian,

Concert for the Poor.

It will be sufficient to call attention to the programme of the concert for the poor at the Smithsonian Institution to night. The two pieces to be same by Madam Cecelis Young, will be alone worth the cest of admittance. Other selections are in squality good taste, and the known reputation of those whe are to execute them must ensure a full attendance. The ordebrated band of the Third regiment United States infantry will also discourse some of its awestest music, and from the interest so generally felt in the concert, the well merited success of the former efforts of the sections of St. Vincent de Paul in this way will be even surpassed on this consist, and these whe patronize the concert will have the satisfaction of aiding the society to relieve the wants of the many poor of this city, who are suffering extremely for the necessary comforts of life.

Canterbury Hall.

The Canterbury Hall.

The Casterbury has siready become one of our institutions, and managers of other places of amusement must look well to their laurels or they will lose them. The performances at the Canterbury are excellent, and are well appreciated and patronized by the public, and the hall, although it has not been in operation a week, is already by far the most popular resort for fun loving; explein the city. Frank Brower is a best in himself, and his delineations of negro character never fail to create a roar. Dick Parker and Harry Fox, in their peculiar line, are immitable, and have already grown to be great favorites with the public. Drop in at the Canterbury if you wish to spend a pleasant hour.

Biown Down.

Biown Down.

The tent creeted by Mossra. King & Scott, on E street, near the Avenue, for equestrian performances, during the high win: of Saturday was blown to the ground. Mr. King, at the time of the accident, was just making preparations to open the establishment for the afternoon por format car, and it is fortunate indeed that the accident occurred at the time it did, for had it happened helf an hour later, when the tent would have perhaps been crowded with people, the consequences would have been serious. The accident was occasioned by the centre pole, which sustains the converse, being broken offly the severe blow. The mishap prevented the afternoon performances from coming off, but by night everything was again adjusted, and the evening exhibition given as usual.

He was taken up and cared for by the teamsters of other wagons which were in the train at the time.

And all we can hear is, "War | war | war |"
But, for my part, I am tired et the old story of war.
But, oh if Mrs. Brown, have you heard the very latest news? No. Why, SMITH, No. 460 Seventh street, has just received a new stock of FALL CLOTHING of every description, and he offers to sell them at such low prices. They say he has a knock of selling his goods at lower rates than the other stores. How he dues it, I do not know But, for my part, I can assure you, Mrs. Brown, that he can fit out your boys with nice CLOTHING at remarkably low prices. I advise all to call at SMITH'S, No. 400 Seventh street, opposite Post Office, and look at his New Stock, and they will be convinced that what Mrs. Jones said, is so.

Lynchburg, Va., Nov. 13.—It is reported, but not confirmed, that the Union men of Tennessee have taken possession of Bristol.

The panic at Savannah, in consequence of the victory of the fleet, was so great that even men were running away. Small-ware merchants, who were packing up their goods to leave, had been notified by the suthorities that they would not be permitted to carry off their goods.

The Savannah Republican is indignant at this cowardly desertion in time of danger, and urgos General Lawton to issue an order preventing any able-bodied man under sixty years of age f om leaving.

The Norfolk Day Book of yesterday contains the following:

The Norfolk Day Book of yesters, the following:

FEDERAL TROOPS IN ACCOMAC, VIRGINIA.

Persecution of Union Men in Norfolk.

Fortress Monsoe, November 15.—Between 4 000 and 5,000 Union troops have suddenly appeared in Accomac county, Eastern Shore of Virginia, where there are 1,800 rebels in arms. Commodore Goldsborough dispatched a gunbeat to that region to-day.

A regiment of cavalry is expected here in a few days.

The refugees from Norfolk relate a sad tale of suffering and oppression. A number of persons have recently been thrown into prison fer not supporting the rebellion, including Mr. Pendon, a Baptist minister.

The victory at Port Royal greatly depressed the rebels and encouraged the Union mea, of whom there are large numbers.
